Hi Chris,

Hope you enjoyed a fun weekend. We actually had spring show up in Helena!

Just a few notes to follow up on our transition. I placed folders for Butte and Anaconda in the 30-day share. Let me know if you have any questions about the content.

Attached is a shortlist of key contacts for Butte and Anaconda and a quick outline of upcoming actions. CDM manages the site contact lists for both sites. I have made all of my external notifications of my resignation at this time.

I've also attached correspondence/agendas for our prior monthly meetings with Senator Tester and Daines' office FYI.

I'm in Butte Wed. and Thu. for final outreach. Unlikely that I will attend the Wed. Anaconda Superfund Taskforce meeting. Friday is my effective last day in the office until I clear completely out mid-June.

Call me if you need. Godspeed Chris! Thanks again for stepping up and helping with these two sites. Fun times ahead!
